A MESSAGE OF HOPE

The Jean Tweed Centre

For Women & Their Families

For over 43 years, The Jean Tweed Centre has been a place of hope for women and children facing trauma, violence, housing instability, substance use, mental health challenges, and related complexities.

Today, across *seven locations* serving communities throughout Ontario, we support *more than 15,000 individuals each year* — women and children who come to us seeking safety, stability, and the opportunity to rebuild their lives.

Many arrive in need of compassionate, comprehensive support. At The Jean Tweed Centre, we meet women where they are — with dignity, care, and the belief that healing is possible.

We provide *integrated, wraparound* services that support women and their children together, helping to strengthen families and create lasting change for future generations.

With *253 beds* across our locations, on-site child development services, and specialized housing that allows mothers and children to remain together — including newborns from birth — our model of care is truly unique.

The Giving Hope Gala is more than an evening — it is an opportunity to stand beside women and children on their journey forward.

Your support provides *safe spaces, critical care, and life-changing programs* that empower women to heal, grow, and build a future filled with hope and possibility.

We look forward to spending an evening of impact with you on September 12, 2026.

Warmly,

Laura Compagni
Event Chair
